Which of the following are valid MongoDB documents?

☑
```
{
    "manufacturer" : "Tesla Motors",
    "class" : "full-size"
}
```

☐ "Tesla Motors", full-size, "5-door liftback"

☑
```
{
    "manufacturer" : "Tesla Motors",
    "class" : "full-size",
    "production" : [2012, 2013]
}
```

☑
```
{
    "manufacturer" : "Tesla Motors",
    "class" : "full-size",
    "designer" : {
                  "firstname" : "Franz",
                  "surname" : "von Holzhausen"
                 }
}
```

SUBMIT ANSWER

nts?

Thanks for completing that!

Nice work! MongoDB documents can contain lists and nested dictionaries like JSON objects and Python dictionaries.

CLOSE

-door liftback"

tors",

"Franz",
von Holzhausen"
